

Sports Premium Spending Overview 25/26

Funding allocation **£17,630**

		Impact
Chorley Sports Partnership ASC club, bikeability, intra school comps EYFS & KS1/2, 8-15 competitions, bikability & balance bikes, reception multiskills and sports sat assessments	£5085	Key indicators 1, 2,3 & 5 All children in EYFS have had balance bike sessions and 3x multiskills across the year. This gave teachers assessment data based on fundamental movement skills. Sports star assessment identified 3 children who were selected to go on to to compete athletically at district level. Attended many competitions and festivals ensuring all children have had access to compete and represent the school. Range of ASC clubs delivered across KS1 & 2, promoting a love of sport and opportunities for all children to attend. CPD provided.
OPAL	£5939.20	Key indicators 2 & 4 This has transformed our lunchtimes but is still developing. Children are more active at lunchtime, engaging in a range of activities. Lunchtime staff report lower behavioural & friendship issues and a much lower first aid rate. Staffing has an implication in how much more we can implement.
Coach to competition	£350	Key indicator 5 Transport to a competition, which allowed more children to take part
Health Week	£4177.45	Key indicators 2, 3, 4 & 5 Range of activities provided for the children (and staff!). Mini warriors (army bootcamp style), american football, nerf wars, orienteering, wigan warriors, drumzaloud, flamenco dancing and street dance, aswell as skateboarding and a visit from a british and european champion skateboarder. This raised the profile of sport and being active across the whole school. All children were active for at least 75% of the school day, every day in health week. Children reported that they learnt lots and enjoyed trying some new sports.
Netball hoops	£233.74	Key indicator 2 & 5 New netball hoops for the netball team to practice with, encouraging more children to attend this club and raise the profile of netball in school. Can also be used in curriculum PE for the teaching of netball.
Supply to cover for PLT day	£197.70	Key indicator 1 CPD for PE lead giving national updates from AfPE and Youth Sport Trust regarding curriculum

		and government agendas. Ensures PE lead is up to date on national guidance and can plan accordingly for funding changes
Bishops order for sports day equipment	£487.95	Key indicator 3 Enough equipment for all children to take part in sports day and new equipment for a new updated sports day with more athletic based activities.
Total spent:	£ 16471.04	
Total remaining:	£1158.96	

Plan for remaining money for this year:

- Audit and update all equipment in PE cupboard to ensure we have all equipment needed before the funding changes.

Update regarding funding

- Sports premium funding is ending at the end of this year.
- A new network of 'hubs' will be set up to begin in Spring term 2027. However, we have no further information about what this will look like at present or who will be responsible for these.
- As a transition, we will receive a terms worth of sports premium money to bridge the gap between the end of summer term 2026 and Spring term 2027. I have been told this will be a minimum of £6000.
- In anticipation of this we have agreed to a smaller membership with Chorley Sports Partnership which will continue to provide competitions, bikeability, balance bikes and multiskills for reception.
- PE lead will attend a PLT day in October, which will hopefully provide further updates on what the new funding and network will look like.

Key Indicators:

1. increase all staff's confidence, knowledge and skills in teaching PE and sporting activities
2. increase all pupils' engagement in regular physical activity and sporting activities
3. raise the profile of PE and sport across the school, to support whole school improvement
4. offer a broader and more equal experience of a range of sports and physical activities to all pupils, and ensure equal access to sport for boys and girls
5. increase participation in competitive sport
